

2a. Go to YouTube and review the list of **recommended videos**. Write down the major themes or topics.

2b. Why do you think these videos have been recommended?

3a. Using a search engine (i.e., Google) search the term "Ontario Election 2018". List the information you see in order of appearance and categorize the type of information (e.g., news, advertisement, social media accounts).

3b. What do you think determines the order of information and why?

4. Go to google.ca and type in "What is". Make note of the options Google suggests to complete your search. Select one option (i.e., What is love). Now type in "What is" again. How did the list of options change?
